

Compuscan Lesotho

Compuscan is a trusted credit bureau and information services provider. We are the only licensed credit bureau in Lesotho. We collect, provide and protect quality data on individuals and businesses to assist companies across multiple industries with consumer verification, application processing, consumer management, lending decisions, tracing and collections. We have an intensive focus on acquiring alternative credit data, enabling financial inclusion.

Our services

We service a range of industries including financial services, retail, telecommunications and the public sector.

Our software and data-driven solutions are designed to meet our clients' needs throughout the customer life cycle. Our data can be made available through a wide variety of tools including online as a formatted credit report, it can also be provided in large batch files to assist with entire portfolio reviews. Additionally, this data is accessible through secure application programming interfaces, software, online portals, and through other business intelligence tools.

Our decision-making tools improve the lending journey, making it easier for lenders to lend in a well-controlled, risk-aware environment. We also offer our clients a state-of-the-art solution to on-board, manage and grow their customers.

Information and Credit Services

We collect data, analyse it and present it in a format that enables quick, consistent decisions and minimises risks.

Decision Analytics

We combine data, analytics, modelling and software into every step of the decision-making process.

Marketing Services

Our data enables us to provide deeper customer insight in order to create more profitable engagements with new and existing customers.

Loyalty and Rewards

We build and implement loyalty programmes that can help you better understand and reward your customers.

Academy

Our specialised training academy offers training programmes that address your skills requirements.
